Philosophy of Monsignor Horrigan Pre-School/Pre-Kindergarten Program

At Monsignor Horrigan Pre-School and Pre-Kindergarten we attempt to encourage and support the development of each child. It is our goal to provide an atmosphere which stimulates Christian attitudes and values. We also believe it is important to help children have fun as they play, since play is a young child's natural way of working and learning. The overall development (intellectual, social, emotional, physical) of the child is encouraged for each individual. Positive development of the child's self-image is also of prime importance in our program.
