Studying Black History Month

"We are for difference:
for respecting difference, for
allowing difference
for encouraging difference,
until difference no longer makes
a difference."

St. James School thrives on meeting the diverse needs of students in a Catholic, Christian environment. While welcoming students of all faiths, St. James is a Catholic institution living out the teachings of Jesus Christ. Offering a curriculum of the highest quality, St. James students excel at the highest levels. More importantly, all students succeed at their level of learning. Not only is diversity expected, it is appreciated and encouraged. Within this accepting environment, students understand and learn from each other. Families are drawn to St. James for the quality education and stay to become a part of the child-centered atmosphere embracing traditional family values.

Never forget to be thankful and kind.
Hold these virtues tightly. Write them
down within your heart.
